

QUICK SETUP GUIDE

THE COOLER TRAY insert

- 1 INSERT LEGS**
Place both trays flat on surface with leg mounts up. Insert all (11) legs into leg mounts **firmly**.

- 2 CONNECT TRAYS**
Place tray (B) on top of tray (A). Edge of tray (B) should sit flush to center leg of tray (A).

- 3 ADJUST LENGTH**
Place in base of cooler with legs facing down. Determine length of cooler & adjust tray accordingly by sliding tray.

- 4 ADD SIDE EXTENSION (if needed)**
Attach the side extensions by separating the trays. Line up the notches & press down firmly to fit, then proceed to steps #2 & #3.
